

St. Joseph

mercredi 19 mars 2025, par [Sisters of St. Joseph of Cluny](#)

Following the example of Blessed Anne-Marie Javouhey, we turn in confidence to Saint Joseph, our protector and model of the interior life.

Anne Marie had chosen Bernard as patron of the first chapel dedicated in Chalon in 1807. She was thus acknowledging her connection with the Trappist monk Dom Augustin de l'Estrange and her experience as a novice at Val Sainte. But the priest who was to celebrate the first Mass questioned her choice. "St. Teresa always dedicated her houses to St. Joseph," he said. "Besides, my name is Joseph !" Recalling the great saint's revelation to her of her vocation Anne Marie acquiesced without further ado. Henceforth, Joseph was to be the patron and provider of the congregation. His feast is celebrated on March 19th.
