Like a small star that wants to be a sign of hope until the sun appears and "the morning star shines in our hearts" (2P. 1, 19b), our Vice-Province is at the service of God and our brothers and sisters in different mission fields.

Brazil

- 7 communities
- 26 sisters
- Founded in 1960

In this "land of Santa Cruz" we live our mission through :

- evangelization
- education
- pastoral care
- health care
- Christian formation and human development of children, adolescents and families
- caring for the human dignity of the most abandoned

Like Blessed Anne Marie Javouhey, we go out to meet the men and women of our time, seeking to "liberate them, that they may have life in abundance". (Jn. 10, 10)

The small light of our mission shines in four educational centers in the states of São Paulo, Paraná and Minas Gerais.

We try to be a presence of God in a Hostel for abandoned elderly persons. We are also in pastoral ministry in various parishes, especially in the "sertão" of the northeast, in the state of Piauí, where the lack of parish ministers is felt in a more pronounced way.

A large challenge we assume "on the peripheries" is responsibility for a recovery center for drug-dependent women in whom we contemplate the face of Christ, disfigured and suffering. This contemplation is what enables us to give our life and dedication to others so that they "may have life and have it abundantly". For us, this is the Will of God.
