

Reunion

dimanche 3 janvier 2016, par [Sisters of St. Joseph of Cluny](#)

Reunion, land of welcome and meeting place of civilizations, brings together on its own soil peoples from various backgrounds : Europe - Africa - Asia and Madagascar.

Reunion

- 5 communities
- 27 sisters
- Founded in 1817

A French overseas department since 1946, Reunion has the highest unemployment rate of all French departments.

The Province has 5 communities - 27 sisters, including :

- 1 sisters from metropolitan France
- 6 sisters from Madagascar
- 1 sister from Haiti

All the sisters are involved in the mission of the Church and continue to give themselves to this mission through :

- a listening presence at school and in the parish
- catechesis to awaken the faith of the small children
- preparation for baptism
- the accompaniment of "uncatechized catholics"
- visiting the sick

One community's main mission is providing accommodation for 25 students and spiritual accompaniment in our 16 schools.

Another community welcomes groups and individuals (with accommodation for up to 32 people) for spiritual retreats and training sessions.

In April and May, 2015 the Province of Reunion, for the first time in the congregation's history, welcomed those attending the Council of the Congregation.
