mardi 21 mai 2019, par [Sisters of St. Joseph of Cluny](#)

**The love of Christ impels us to bring hope and compassion to an anguished world. We are ecclesial, international missionary women, seeking the 'Holy Will of God' revealed in the events of our time. We commit ourselves to the transformation of our world through communal, contemplative prayer, active and non-active ministries and by making the difficult choices that will release the energy and gifts of each sister for mission.**
