

## India / North Plains (Kolkata)

samedi 19 mars 2016, par [Sisters of St. Joseph of Cluny](#)

**“Nothing is lost that is done for God.” (Blessed Anne-Marie Javouhey)**

### North Indian Plains (Kolkata)

- 17 Communities
- 109 sisters
- Founded in 1861 (became a Province in 2007)

The Province of North Indian Plains is a multicultural, multilingual and multiethnic Province, living the ‘*cor unum et anima una*,’ (*one heart and one soul*) of the congregation in spite of the linguistic and cultural differences in the area. Blessed Anne-Marie is alive in the ministry of the sisters which reach out to almost all sections of society with a particular focus on children. Didn’t Anne-Marie see children in a vision ? Yes, in almost all of the ministries,

- formal and non-formal education,
- pastoral ministries,
- social and
- health ministries,

the sisters wholeheartedly reach out to all, but especially to women and children.

The sisters break open the Word of God through **Basic Christian Communities**, one of the pastoral works in the province. **In the schools**, the sisters witness to the values of the Gospel and inculcate the same in our non-Christian teachers, parents and students by involving them in projects that serve the neediest in the neighbourhood.

**Care for the environment** is one of the core values upheld in all the ministries of the Province through both awareness and hands on activities. Above all the **sisters strive towards holiness** through fidelity to individual and community prayers, living a life of affection and mutual forgiveness, striving to give one’s best in each of the ministries of the Province.
